(6) For matters relating to potential academic student misconduct, the officer must investigate the conduct in accordance with the [Academic Integrity Policy](#) and report it to the relevant course coordinator (or equivalent).

 - i. it is an assessment matter that can be addressed as part of the assessment of the student's work in accordance with clause (10) of the [Academic Integrity Procedure](#), or
 - ii. it is potential academic misconduct which will be referred to a Senior Officer using the academic student misconduct referral template.

- c. A person may make a disclosure of sexual harm; however, they may choose not to have that disclosure treated as an instance of potential student misconduct to which this procedure applies.

(15) Staff must notify Safer Community (while maintaining student privacy to the extent possible, and subject to the requirements of this procedure) if any conduct or incident involves:

- a. a person under the age of 18 years

- b. Any notice of written communication sent to an Aboriginal or Torres Strait Islander student under clause (21) must also be sent to Ngarara Willim. Notifications received by Ngarara Willim will not be considered receipt of the correspondence by the student.

Students Who Are Also Staff of RMIT

(17) Where a student who is the subject of a potential misconduct report is also a staff member, action may also be taken under the relevant staff policy where their position as a staff member was relevant to the circumstances of the reported conduct.

(18) Factors which may affect the relevance of a person's status as a staff member may include (but are not limited to):

- a. whether the person was acting in their capacity as a staff member at the time the reported conduct is said to have occurred
- b. whether the person's status as a student and staff member was known or apparent to any other persons involved
- c. whether the person's status as a staff member was still current at the time of the reported conduct
- d. whether the person's status as a staff member enabled the person to have additional access to RMIT facilities or equipment which relates to the reported conduct
- e. whether the person's status as a staff member provided them actual or perceived:
 - i. authority, power, or trust

(19) In circumstances where both the [Student Conduct Policy](#) and the relevant staff policy and procedures apply,

RMIT's human resources team will work with the Academic Registrar (or delegate) to determine the most appropriate way or ways to proceed, which may include pausing one set of proceedings or investigation while the other continues, or having both proceedings being conducted at the same time.

(20) Where the reported conduct is investigated, the investigation should be undertaken so as to reduce an overlap or repeated questioning or evidence gathering, and evidence or other relevant material gathered in the course of one proceeding may be used in relation to the other.

Address for Notice and Communication

(21) Any notice or written communication to a student for the purposes of the [Student Conduct Regulations](#), policy and corresponding procedures, including in relation to the application of an executive suspension, notification of the opportunity to make a response to conduct matter or an outcome determination, is sufficient if it is in writing and:

- a. emailed to the student's allocated RMIT email account, or if there is no RMIT email account, or if access to the RMIT email account has been suspended, such other personal email account held in RMIT's student records system; or
- b. posted by registered mail to the address listed in the student's contact information within RMIT's student records system.

(22) A notice is deemed to have been received:

- a. if sent by email, either at the time designated by an email delivery receipt, or 24 hours after the time it was sent by RMIT, whichever occurs first, or
- a. after 72 hours if posted by registered mail.

Records, Privacy, and Confidentiality

(23) All parties to Student Conduct matters initiated under the Student Conduct Policy and corresponding procedures must maintain confidentiality whilst the process is underway in order to ensure the integrity of the proceedings and outcomes. This requirement does not limit the exercise of student academic freedoms associated with university operations upon the formal conclusion of student conduct proceedings.

(24) Advocates and support persons are bound by the same confidentiality requirements as all other persons involved in conduct proceedings.

(25) RMIT recognises the importance of maintaining confidentiality to ensure safety and will seek to balance this with procedural fairness. This may mean that the identities of persons who are witnesses are not disclosed to a respondent student where it might give rise to a risk to safety or wellbeing. Different approaches to confidentiality may also apply where a matter involves persons who are under 18 years of age.

(26) Records and information regarding student conduct matters will be managed in accordance with RMIT's [Privacy Policy](#) and the information management policies and procedures.
